

Welcome to
productive drilling

**Facilitated discussion –
Wellbore surveying and AC standards. What they mean
to service companies?**

Ross Lowdon

Schlumberger D&M Drilling & Measurements

Schlumberger

Wellbore survey/AC standards

- Internal standards
 - Robust training
 - Robust compliance
- Client standards
 - Multiple stds
 - No set training
 - Poorer compliance
 - Internal understanding

Effects

- Multiple bridging documents
- Multiple TC plots/exemption requests
- Confusion at client/DE and DD level
- Lack of compliance

The Cure?

- All AC standards broadly similar
 - No collisions from following stds
 - No real distinction between stds
- Operator/Service company agree on one std
 - Improved training
 - Improved compliance
 - Safer operations
